

# The Garden Island.

ESTABLISHED 1904. VOL. 15. NO. 37.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, SEPT. 16, 1919

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

## ARMY VETERANS TO ORGANIZE

All men who served honorably between April 6, 1917, and November 11, 1918, in either the United States Army, Navy, or Marine Corps, and who were honorably discharged from such service, and are citizens of the United States, and are now on Kauai, are requested to meet at the County Building, in Lihue, at 7:30 p. m., on Saturday, September 20th, 1919, for the purpose of organizing a Local Post of the American Legion of the Territory of Hawaii.

The American Legion is an organization of American Veterans of the World War. It is non-partisan and non-political. It is a civilian organization—not military or militaristic. Nearly all of its members are men who were civilians before the war, and are now again civilians. It makes no distinctions of rank and no distinctions between overseas men and men who did not get overseas.

The Territorial Organization has already been established and it is desirable that there be one or more local posts on Kauai.

The above meeting is called by authority of the Territorial Executive Committee.

## William Grote Receives Promotion

Wm. H. Grote, for the past ten years head bookkeeper for Lihue Store, has been chosen as manager of Kealia Store, the change to take place the first of October. This is a well deserved promotion, and the management of Makee Plantation is to be congratulated upon their choice. Mr. Grote is a wide awake, up-to-date young business man and has the training and experience necessary to conduct a successful business in these strenuous times.

During their long residence in Lihue, Mr. and Mrs. Grote have made many true friends, who, though rejoicing in their good fortune will be genuinely sorry to see them leave.

It is understood the Makee Sugar Company will establish a branch store at Kapaa in the near future, which will also come under the management of Mr. Grote.

## Important Notice

The following announcement, received this morning, is of more than usual interest to Kauai folk: Mr. and Mrs. Albert Horner request the honor of your presence at the wedding reception of Miss Phyllis Raab and Mr. Albert Horner, Jr. on Tuesday, Sept. 20, 1919, at half after eight o'clock, 2433 Nuuanu Avenue, Honolulu, Hawaii. At home after October 20, Kapaa, Kauai.

The Mauna Loa will take passengers at Nawiliwili on Thursday next.

Mr. E. A. Corey, of the Army and Navy Y. M. C. A., is spending a week on Kauai studying the work of the local association with a view to entering a similar field elsewhere. Mr. Corey is an entertainer of recognized ability. He will visit a number of the Y clubs and contribute his own program. Lihue Sunday Evening Club will have him next Sunday night.

Mr. T. H. Gibson, assistant superintendent of the board of education, spent a good part of last week on Kauai looking into school matters. For most of the time he was the guest of Mr. and Mrs. Wishard. He returned to town on Saturday.

## Delinquent Tax Payers Must Dig

J. S. Gawne, of the Internal Revenue Department, arrived Friday morning. He has a list of firms and individuals who failed to make their returns, and says he intends to see them all. He says it will be much better for the delinquents to call on him at the Lihue Hotel than for him to have to hunt them up. Delinquent tax payers are subject to a penalty running all the way from twenty-five to fifty percent, according to the circumstances of the case. So those who want consideration shown them, would do well to call on him.

Mr. Gawne will be on Kauai two weeks or so and his services will be at the disposal of those who desire help on their individual or corporation income tax returns.

## BASE BALL NOTES

We have panned little Joe Tuxera pretty severely once or twice when he was playing short. The trouble was Joe was not in his right position. When he was taken out of short and put in the field he immediately made good. Joe is a dandy little stickler and stands third in Lihue's batting list with 322 average.

Bob Okuda, Lihue's star twirler, is also the star stickler of that aggregation, and wins the silver cup offered by Capt. Fernandez for the best batter in the team. With 20 times at bat, Bob bangs out 11 hits for an average of 550. Enoka Lovell takes second place with an average of 333.

There were about 150 machines parked around the field at Waipouli Sunday. Honolulu fans take notice.

Dock Wood, the Makee's old war horse, plays the game every minute and we hope to see him on the mound again next season.

Dench was the head ump last Sunday and was most satisfactory at that thankless position.

The Lihue baseball team will give a dance at the Armory on the evening of October 4th. A committee has arrangements in hand and promises an enjoyable evening to everybody that comes. This will be a fine opportunity to meet the new school teachers of the island. An admission of \$1.00 for gentlemen will be charged.

## To the Philippines

Mr. and Mrs. A. Grandhomme, for years resident at Hanamaulu, are leaving for the Philippines today. Mr. Grandhomme has secured an excellent position as chemist and sugar expert at La Carlotta Central, on the Island of Negros. La Carlotta is the largest mill in the Philippines, and everything there is civilized and up-to-date, even to the climate.

H. Andermann, Jr. is the engineer there, and there are a couple more leading men from Hawaii.

## Rainfall for the Week

Rainfall for week ending Sunday:	
Wainiha Power House	0.80
Wainiha Intake	1.20
Kilauea	1.01
Kealia	0.49
Lihue	1.00
Koloa	1.50
McBryde	1.05
Makaweli	0.32
Kekaha	0.20

Eddie Fountain is now connected with the office of the sheriff.

## Lihue Team Wins Championship

With a record of only one game lost during the season, Lihue clinched the cup by beating the Makees in a runaway game at Waipouli last Sunday.

The game was a play-off to decide the championship of the second series both teams being tied for first place with one game lost for each team.

It could hardly be called a game—it was a slaughter, in which the dauntless old warrior, Doc Wood, met his Waterloo and was hammered out of the box.

Lihue scored in every frame with the exception of the seventh and seemed to be able to place their hits just where they would do the most good.

Score 23 to 3

With the exception of the third inning, in which they scored three runs, the Makees got goose eggs, and at the end of the long, drawn out game it was found that Lihue had amassed twenty-three runs.

It was not expected, however, even by the Makees themselves, that they would win, as they did not have the cracker-jack line-up they had handed Lihue her only defeat on July 24th. The backbone of the Makee team were Wolters, Bun Hee and Lazima, who are students in Honolulu, and had to go back to school, so could not be present at this most important game. The Makees are all good sports, however, and have no kick coming. They are satisfied, that the cup and the championship is on their side of the island.

## An Enjoyable Dance At Lihue Hotel

An impromptu dance was arranged at Lihue Hotel last Friday evening at which a goodly number of Lihue's young folks gathered and had a most enjoyable time. The event was in honor of the young ladies who arrived last week to teach in the Lihue schools.

## Returning to School

The young people returning to school swelled the Kinau passenger list to the utmost capacity of the accommodation on Saturday, and there were anxious fears that she might not be able to take them all.

Among those leaving for the various school openings were: Mortimer and Homer Lydgate, Josephine Moragne, Corey and Imogene Menefoglio for Punahou; Paul Rice, Neill Moler, Nelson Young, Hugh Brodie and Harold Danford for H. M. A., and a number for Kamehameha and Mills.

## The Hanapepe Lands

One needs to go away from home to get the news. "Facts about Sugar" reports that negotiations have been opened by the Territorial Government with the Hawaiian Sugar Company, and Gay & Robinson, looking to the continued cultivation of the Hanapepe lands.

## SERVICES RESUMED

Church services will be resumed this coming Sunday at Lihue Union. A large attendance is requested, and a good start for the new year.

Sunday School will be resumed at the same time.

J. M. LYDGATE.

Mrs. Lucy Wright of Waimea returned from town this morning.

## All Pau

The baseball season is pau and has been an unqualified success. The class of ball played throughout was far ahead of any other season we have had, and the attendance at the games goes to show that practically the whole population of our island are rabid fans. This speaks well for the future of the game on Kauai.

The season just ended was started two weeks too late, as the school boys had to return to Honolulu before the season was over, thereby seriously crippling some of the teams. The next season should start about the middle of June.

## The Champions

It must be acknowledged by everyone that Lihue has developed a mighty good ball team. A great many of their games were won in the last innings, by a single run or so, and seemed to be just luck. But to the close and unbiased observer, it is something else beside luck. It was teamwork and the thing they call inside baseball.

## Capt. John Fernandez

Capt. John Fernandez is responsible for the Lihue team. He knows baseball inside and out, and this knowledge he has used to develop a team that would win games when they looked like they were lost. He trained his team to follow his signals both at bat and when in the field. He, with the generous backing of manager Moler, has worked untiringly and deserves a lot of credit for the excellent machine he has created.

## Moonshiners Get Seven Months

The two moonshiners, Kinosta and Miyamoto, gathered in by J. S. Gawne revenue agent, on his first visit to Kauai, received seven months each at the hands of Judge Vaughan of the United States District Court. If a few more amateur distillers were gathered up in this community and handed similar sentences it would have a wholesome effect.

## Getting Ready for Action

Attorney General Harry Irwin was on Kauai last week on matters pertaining to the condemnation of the land required for roadways and warehouse sites for Nawiliwili Harbor.

Mr. Irwin says that Governor McCarthy and he are going to Washington in January, and that if the Kauai Chamber of Commerce and others interested, will guarantee that railway connections will be made when needed, and send that guarantee to the Governor, he will take it to Washington and present it. He believes that is all the Government will require to get work started on the harbor.

It is now up to the Kauai Chamber of Commerce to get the necessary guarantee.

Miss Gertrude Cutler, who taught in the Kauai High and Grammar School two years ago, returned last Tuesday to again take up her duties in that school. Miss Cutler spent last year as principal of a school in her home town in Boston, but longing for Hawaii, and especially Kauai, was too great, so she has joined the Come Back Club.

V. Cobacha, who has been long in the sheriff's office, is leaving for the Philippines where his intelligence and native ability will give him signal advantages.

## Personals

Miss Elsie Wilcox returned to Lihue this morning.

Mrs. P. L. Rice returned from Honolulu this morning.

Miss Wilson, who will be one of the teachers at the Kauai High School, arrived Friday morning.

Wm. McCluskey, principal of the Kauai High and Grammar School, accompanied by his family, returned Friday morning from their vacation. They spent part of their vacation at the Kilauea Summer Camp.

Albert Horner, Jr., went to town on Saturday for a few days and returned this morning.

Mrs. Ralph Wilcox spent a few days in Lihue last week, and returned to town on Saturday, where she will remain indefinitely.

Sister Albertina, who has been visiting Mrs. Isenberg, returned to town by the Kinau Saturday.

Mr. and Mrs. Romane of Koloa, were passengers to Honolulu Saturday. They are off for a two week's vacation in the course of which they will visit Molokai.

James Kula, formerly of Koloa, was a Honolulu passenger by the Kinau Saturday. Mr. Kula intends to return to Koloa in the near future to settle there again.

Wm. Stewart went to town on Saturday for a few days, in connection with the A. S. Wilcox estate.

Laws, the roof man, said a temporary good bye to his friends on the wharf on Saturday. He will be back again.

Mrs. H. T. Sheldon, formerly of Kealia, returned to Kauai this morning. She will teach at Kapaa school.

Mrs. A. G. Kaulukou returned from Honolulu this morning.

The Eggerking family, bag and baggage left by the Kinau on Saturday. For long years they have been living at Waiala where Mr. Eggerking was in charge of the ranch interests of Lihue Plantation.

Capt. and Mrs. Geo. B. Leavett of Port Allen left by the Kinau on Saturday on the way to the mainland for a vacation holiday of three months or so.

Mrs. Burke left Kauai for good on Saturday, having settled up her affairs and sold off her household goods, at Kapaa. She will resume work at Ewa, where special advantages will be given her by way of return for the unfair treatment she has received at the hands of the Board of Education. Thus Kauai loses a most efficient teacher, and a most valuable factor of child welfare and school betterment.

## Furniture for School Cottage

At a meeting of the interested parents of the grammar grades of the Kauai High School, held at Lihue Monday evening, it was decided to furnish the school cottage, and Mrs. W. H. Rice and Mr. McCluskey were appointed a committee to attend to the matter as promptly as possible. The cost of the same will be made up by subscription among those interested.

There was some disposition to undertake the furnishing of all the school cottages in the district, but this was finally decided as too big an undertaking, as well as, perhaps unwise in view of the fact that there is an appropriation of \$5,000 for this purpose.

## Chas. M. Kephart Arrives

Mr. Chas. M. Kephart, sales agent for the Pond Company, Ltd., arrived on the Kinau this morning and will be on Kauai about two weeks. The purpose of Mr. Kephart's visit is for the purpose of interesting Kauai capital for investment in his company.

During his stay Mr. Kephart will make his headquarters at the Lihue Hotel.

## Cheatham Gets Concession

E. M. Cheatham has secured the hau wood concession for the Government Waiala lands at 85 cents a cord. The upset price was 50 cents. The sale was by auction. Hau wood is good, bad, and indifferent. Much of this is good, being mature wood of long standing.

## JURORS DRAWN FOR COMING TERM

Jurymen for the coming court term were drawn last Friday morning and the following citizens were chosen:

### GRAND JURY

Ed. Deverill, Jas. P. Myers, Domingo G. Gomez, Chas. Christian, Dick Roder, J. K. Cockett, Jas. Makani, Louis Conradt, Robert W. Kahea, Karl Roendahl, Robert Fountain, Chang Yau, Chas. Ebinger, M. B. Fernandes, Jr., L. Boreiko, Christian Le Roy, Christian Kuhlman, Walter F. Sanborn.

### TRIAL JURY

August Klussman, Geo. K. Akana, Dan Lovell, Jr., Kazuji Sakaki, Kazuo Miyake, Jacintho Carvalho, Jas. D. Cook, Jas. K. Thask, Louis Kilauea, Ernest Meladnich, Jos. Mariano, Jr., Manuel J. Teves, Geo. Charman, Clarence D. Weibke, John B. Fernandez, Solomon Kaiawe, Fred W. Hackbarth, Daniel W. Papu, Ikua Purdy, John H. Cummings, Ed. O. Thurtell, Henry Paalua, Antone Nobriga, Jr., John de C. Jerves, Wm. Kaiawe.

The grand jury is called for Oct. 15th, and the trial jury for Oct. 22nd.

## Philippine Sugar to Go to Japan

A new departure in sugar marketing comes onto the stage in the disposal of the greater part of the growing Philippine crop to Japan. San Carlos has sold to Japanese buyers and Calamba has been offered ten cents a pound for the balance of the 1919 crop.

Most of the Philippine crop heretofore has gone to the Western sugar refinery in San Francisco, the loss of which now gives room for a much larger proportion of Hawaiian sugar, so that hereafter it may not be necessary to send any more of our sugar to the Eastern sea board—a manifest saving of freight expenses.

## Insurance Survey

G. E. Kastengren, insurance surveyor is on Kauai making an insurance study of all the manufacturing plants, sugar mills, canneries etc. This includes careful plans showing all necessary details of fire information which will affect insurance risks and insurance rates.

These plans will be published in atlas form, and will be of greatest possible value to insurance companies and others interested in such information. This survey of the Island will take about two weeks.

Mr. Kastengren is an expert on this sort of thing with many years experience. He comes from Seattle.

## To Use the Waiala Water

The proposed Waiala water scheme is roughly as follows: The Lihue Plantation Company will impound the Waiala water and thus secure an adequate supply for its own needs, and furnish water to homesteaders. The plantation will pay for the water it uses, and will turn over to the Government all profits on the sale to other purchasers in excess of six percent.

Properly safeguarded, this is a proposition worthy of the most favorable consideration. It is a shame and an economic disaster to have water running to waste and lands lying idle for lack of the initiative and enterprise to use to use them.
